

Meeting Minutes

IMEKO TC2 - Meeting during the IMEKO World Congress, Lisbon, Portugal

Topic: Information interchange on TC2 activities

Date: September 8th, 2009

Participants: See attached signature list

Author: T. Pfeifer

1 Opening address

Prof. Pfeifer formally opened the TC2-Meeting

2 Report of the Chairman

Prof. Pfeifer expressed his satisfaction about the multitude activities of the IMEKO TC2 group in the last year and the high number of participants at the World Congress in Lisbon. This emphasize that photonic technologies are still enabling technologies, which effect many different fields and support a vast number of applications.

During our TC2-activities here in Lisbon we had three oral sessions and one poster session. The 23 Contributions came mainly from the fields "Fiber Optics", "Spectroscopy" and "Light Sources & Detectors".

Prof. Pfeifer especially thanks the organizing committee in Lisbon for the wellorganized Congress.

3 Future activities of TC2 in the period 2010 - 2011

International Symposium on Photonics in Measurement 2010

- The 19th TC2 Symposium will be held in Hangzhou, China, Sept. 13th/14th 2010.
- Prof. Shangzhong Jin (China Jiliang University) invites everybody to this event.
- For further Information see: <http://imeko2010.cjlu.edu.cn>

International Symposium on Photonics in Measurement 2011

The 20th TC2 Symposium will held in Linz, Austria.

Everybody should inform participants about these events.
Any further information can be found on the TC2 - website:
<http://www.imeko.org/TC2>

4 Further Topics and Changes

Prof. Pfeifer introduces the new TC2 Member from Portugal:
Prof. José Manuel Rebordão

Prof. Pfeifer thanks Prof. Tutsch for his organisational commitment as IMEKO-TC2 vice chairman in the past years. As new vice chairman Prof. Zagar was elected.

5 Next TC2 meeting

The next TC2 meeting will take place in Hangzhou, China during the 19th TC2 Symposium, Sept. 13-14, 2010.
